BILL 2019**

the ag/gag laws only protect those guilty of animal abuse. If farmers and produces are doing the right thing they have nothing to be afraid of. the laws prevent consumers from the right to know where their food comes from and the conditions it is produced in. Democracy in australia is already on shaky ground. these laws would further erode free speech. would these type of laws be introduced if it was children being abused and hurt in confined, hidden places?
