**INQUIRY INTO PROVISIONS OF THE RIGHT TO FARM
BILL 2019**

Name: Ms Cathy Gilmore

Date Received: 1 October 2019

I'm just a normal every day person who has participated in protests for the removal of shark nets but have done some research and can see this bill Right to Farm would take away my right to organise or attend even these rallys.

Knowing that this bill Right to Farm would even take away the farmers rights to protest an organisation setting up fracking or coal mining on their own land is why this bill is absolutely ludicrous!

The government need to realise the public should have the right to protest and from what I can always see, it is in a peaceful way, disruptive yes, but that's what a protest is suppose to do and its our right - don't take it away as it will only start a revolution.
