**INQUIRY INTO THE IMPLEMENTATION OF THE
RECOMMENDATIONS CONTAINED IN THE NSW CHIEF
SCIENTIST'S INDEPENDENT REVIEW OF COAL SEAM
GAS ACTIVITIES IN NEW SOUTH WALES**

Name: Ms Felicity Cahill

Date Received: 26 October 2019

Regarding the Narrabri Gas Project:

As I understand it, numerous recommendations from the NSW Chief Scientist for this project are yet to be addressed or implemented and we believe the Narrabri Gas Project can simple not progress until such time as they are.

There are many issues of ongoing safety for the surrounding communities, and for the safety of the Great Artesian Basin and the Pilliga Forest. Indigenous people are in fear of losing what little is left of their heritage.

I would hereby demand that the assessment process for the Narrabri Gas Project be paused while the government addresses these recommendations.

I look forward to hearing that these issues are properly addressed after a suitable public hearing.

Sincerely,

Felicity Cahill, JP
