It is time that we stopped the use of ALL animals in circuses for entertainment. I would like to think we have grown as a society and are fully aware of the conditions these animals endure in the name of entertainment. I have never taken my children to a circus for this reason, and am confident in saying they won't take their children either. I will never support any form of racing whether that be horse or dog racing for the same reasons. It is time the government put and end to animal practices, if a circus can't survive on human acts then it's time for them to close up shop.
