police abuse and political corruption are not acceptable and demand these oversight bodies receive proper resources to do their job. As a person who has been humiliated and taken advantage of by police in regards to illegal strip searching at a festival I would like to share with you guys that police are completely abusing their power and authority when it comes to strip searches in NSW. Their reasons are poor and they are attacking young people, most of whom don't even know their rights and if they did then a major percentage of these cases would not happen.
