NSW is and should be the state paving the way for other states in Australia to make groundbreaking policies for people, animals, fauna and anything else. Animals are not meant to be entertainment for humans. They are not born for that purpose and as the great NSW we need to show the other states that we don't tolerate animals in entertainment. Exotic animals are caged and beaten and killed simply for the entertainment of humans when we already have plenty to entertain us. Pls let's stop this and make history
