**INQUIRY INTO ANIMAL CRUELTY LAWS IN NEW SOUTH
WALES**

Name: Name suppressed
Date Received: 28 November 2019

I am putting forward this submission on behalf of all the animals both native and domestic, who suffer intolerable cruelties, which go unpunished or the punishment is utterly insignificant.. Australia prides itself and indeed promotes itself as a modern, forward thinking, compassionate country to the rest of the civilised world. In fact, Australia is demonstrating a lack of care in addressing the issues of cruelty and death by the hand of humans, often in torturous situations. Many, many common folk of Australia, however, deplore this attitude and the lack of good sentencing with a view to deterrence. This causes immense frustration and grief to Animal Welfare Agencies who are the in the front line day after day having to deal with terrible situations.. Therefore I ask you to please set in place , a full investigation into all aspects of Animal cruelty in Australia and a complete overhaul of the Judicial system which is failing our animals.. Thankyou.
