**INQUIRY INTO ANIMAL CRUELTY LAWS IN NEW SOUTH
WALES**

Name: Name suppressed
Date Received: 29 November 2019

Partially

If animal welfare is a legitimate concern for society there needs to be a robust structure in place to protect them - a structure based on the traditional models of protection for other vulnerable groups of society.

Does the Smith Family enforce laws that protect children? No, the police do this.

Does Greenpeace enforce laws that protect the environment? No the EPA does this.

Why then shouldn't there be an agency with the specific directive of upholding laws protecting animals?
