**INQUIRY INTO EXHIBITION OF EXOTIC ANIMALS IN
CIRCUSES AND EXHIBITION OF CETACEANS IN NEW
SOUTH WALES**

Name: Jamie Nelson
Date Received: 2 January 2020

I'm writing because the truth is not being told when it comes to the care of circus animals .The animal rights groups are continuously spreading lies and in many cases have been sued by circuses overseas successfully .If you type into Google Circus animals straight away up comes negative posts claiming all sorts of things when it doesn't happen ,These people sending hundreds of emails think they're doing the right thing but they're not getting accurate information and very seldom do they go to the circus to actually have a look for themselves it's much easier to send the emails than to actually do research. I know firsthand that the animals are cared for the same way that you would care for your own family . also what I don't understand is how laws can be changed without evidence simply because there's a trendy movement sure in third world countries there are issues but that's not Australia and we shouldn't be changing laws because of something that happens overseas.surely it would be unconstitutional to change a law when there is absolutely no evidence of mistreatment in anyway thank you for your time Jamie Nelson
