In a period between 1998 — 2000 I went to a boat at West Pennant Hills on Castle Hill Road. 4pm There was a new "dark blue ford ute" c silver bars, running from the back of the cab in a semi circle. This was a new style just released, There were 2 men of slight build, medium height & of european appearance with short dark hair. They had dark blue t-shirts & jeans on, (age 25-30) I was sitting in my car & they both were beckoning me to get out of my car. They stood beside their ute doing this for a few minutes.

I was unsure of their intention so stayed in my car.

They eventually drove off. After a few minutes I got out of my car & went down the bush track.

Not long after I noticed these two men above me at the start of the track frantically looking around.

I couldn't hear what they were saying. I felt afraid & quietly layed down so they couldn't see me.

They kept making gestures with their hands, while talking then both going off in opposite directions, (looking for something)

I decided it would be unsafe to go back & crawled down the slope to a street & walked around the block back to my car & by this time (about 1/2 hr) ~~the~~ When I got back to my car there was no other cars there & I drove home.
