(COMPLAINT HANDLING) BILL 2020**

Name: Ms Niki Taube Zakrzewski

Date Received: 23 April 2020

The People of NSW and all Australians have endured much in recent times and no explanation is surely needed as to what is the cause of that Stress, Hardship & Unfair discrimination in Reverse. if unchecked individuals and the average person can no longer sue or be sued as is their Lawful Human Right. The Law is out of touch and out of reach due to the cost to defend a vexatious claim. No Group should have the ability to exercise there political obsessions on another.. Your platform much be overhauled or disbanded to properly reflect our times and how social media is used to Promote, advertise, sell, buy to name but a few and instantaneously. The People must also know publicly what is the cost of this department to the taxpayer.
