(COMPLAINT HANDLING) BILL 2020**

I support the draft Bill of Mark Latham MLC. The mad waste of NSW taxpayers' money on frivolous and vexatious complaints needs to stop.

The NSW Anti-Discrimination Board has wasted NSW taxpayers' moneys and has wasted the time and money of decent people such as Bernard Gaynor, who does not even live in NSW. Sack all of the ADB for misconducts e.g. disregarding the High Court, and advertise to fill the positions with people of commonsense instead of wrongly-called 'political correctness'.

Today is 24 April, and I am annoyed at the clandestine nature of democracy under this shoddy and secretive Berejiklian government that I heard about this Inquiry which closes on 26 April with only two days to go. Where is the guts of the NSW Attorney General in allowing this ADB's misconducts to have gone on for so long?
