Too many obviously vexatious complaints have been made by Mr Gary burns against Mr Bernard Gaynor. Mr Burns intention is to destroy Mr Gaynor for personal reasons, namely hatred of Mr Gaynor's right to free speech. Better men than me have died for our right to express their heart felt beliefs, they would turn in their graves at the current situation. Please do something to stop the persecution of Mr Bernard Gaynor and anyone else who is being hounded by an unfair system tilted towards the vexatious. Thank you, yours sincerely
