**INQUIRY INTO ANTI-DISCRIMINATION AMENDMENT
(COMPLAINT HANDLING) BILL 2020**

I object to serial pests such as Garry Burns being able to continually litigate vexatiously via the ADB.

. All further complaints from him should be barred so that the ADB can attend to real issues. I bring to your attention the cases of Bernard Gaynor, Israel Folau & a disabled citizen, all pursued obsessively by Mr Burns for his financial gain. Mr Gaynor has had 37 unsubstantiated complaints against him by Mr Burns, all in NSW, (even though Mr Gaynor resides in Queensland) and all aided by the ADB's processing of them without investigation of their ongoing vexatious nature. I support Mark Latham's proposed anti discrimination amendments to end vexatious complaints to the ADB.
