

INQUIRY INTO PROVISIONS OF THE FIREARMS AND WEAPONS LEGISLATION (CRIMINAL USE) BILL 2020

Name: Mr David Vice

Date Received: 12 May 2020

It's not the legal firearm owners that are involved with criminal activities... it's the criminal element that is abusing the system . Silencers are an effective and efficient way of removing problem animals. I have used them a number of times in South Africa to remove Problem animals. It does not stress the non problematic animals out that are not being hunted.
