It is a disappointment that the Firearms and weapons legislation amendment (criminal use) Bill 2020 has not been provided clear guidance or community/ stakeholder involvement as to what exactly it will cover. This will impeded on my rights as citizen of this country given the broad wording that is placed. I am disappointed in the time wastage here given a lot of our farms are in drought and we as a people have come out of an extreme bushfire season. I hope this bill is withdrawn and the politicians find better for funding this country back up out of this whole and not on things that don't make sense. Save this country as we don't need to waste time on silly bills but funding for our people. I do not support this amendment and hope that it is scrapped.
