POWERHOUSE MUSEUM AND OTHER MUSEUMS AND  
CULTURAL PROJECTS IN NEW SOUTH WALES**

Moving the Powerhouse is planning and historical madness. It is an important part of Sydney, often visited. This move must be just to make way for developers. Of course Parramatta must have its own Museum, built somewhere where heritage houses dont have to be destroyed. Think if Jack Munday had not saved The Rocks, please.

I know many many people who lshare these feelings....Why exactly are you thinking of doing it. What is the rationale, spell it out. Then leave it alone.
