I wish it known that i am against the teaching of our kids from pre school upwards about sexual orientation and the teaching of its ok to not be a boy or girl. Im also against our teachers having to do training programs in this area. Pls leave this to the parents. There is also too much wasted time at school regarding climate change agendas etc. The teachers who are pushing their own political agenda should be dismissed. Our early austrslian history should be taught using age appropriate methods.
