WEAPONS LEGISLATION AMENDMENT (CRIMINAL
USE) BILL 2020**

This new legislation is far too broad in its strokes when it comes to working to stop criminals... not that actually changing the laws at all will affect criminals, as in a criminals nature to not listen to the law or they wouldn't be criminals. "Owning tools that can be used in the make, manufacture of a firearm is far too broad as it could be used to harm firearm owners unfairly if they themselves just so happen to own some power tools and machinery. This is a nonsense law, and should absolutely be rethought or thrown out in its entirety as it will change nothing, fix nothing, and only work to hurt law-abiding owners.

Good day.
