As a licensed firearm owner I am an avid conservationist, a recreational hunter of invasive pest species, and a recreational target shooter. I am also part of the most law abiding group of citizens in the country, being licensed firearm holders.

I am particularly concerned that proposed changes erode the rights of law abiding citizens and do not focus heavily enough on unlicensed firearm holders or those licensed holders that do the right thing.

I urge the committee to protect the ability of law abiding Australians to continue with their sport and passion, and for many of them that includes the ability to make modifications that improve the experience and safety of the shooter.
