Why should legal firearm owners and licence holders be subjected to more rules and be treated like criminals. Why are legal firearm owners treated so poorly by the news and the government for nothing more than enjoying a hobby and in some cases a lively hood. These bills are being made to strip even more rights away by people who are putting their own interests and beliefs on the bill out of fear, monetary gain, retaliation and payback. The people call us criminals and savages for wanting basic rights that we should be entitled to; the ownership of semi auto licences should be open to everyone for use as well as pistols to be able to be used other than A shooting range and on rural farms for ag purposes. This is exactly like racial profiling only your profiling everyone with a firearm and licence it's wrong and should be righted instead of letting other people push their beliefs on us.
