

**INQUIRY INTO LONG-TERM SUSTAINABILITY OF THE
DAIRY INDUSTRY IN NEW SOUTH WALES**

Name: Ms Sarah Davis

Date Received: 11 August 2020

Please help end the cruel practices that go on in the dairy industry. Cows being forcibly impregnated, then the trauma of being separated from their calf's, with the bobby calf's being slaughtered. The painful procedures the poor cows have to endure - It is inhumane and we are better than this. Please help Australia to be better than this. Kind regards, Sarah Davis
