

**INQUIRY INTO LONG-TERM SUSTAINABILITY OF THE
DAIRY INDUSTRY IN NEW SOUTH WALES**

Name: Miss Sharon Kwee

Date Received: 12 August 2020

The dairy Industry is one of the main causes of air pollution and takes up so much water to produce. We'd be saving 10 times more water without them. On top of that, much of their products are going waste. Please stop supporting them. Not only are they a hazard to the air, but also animals are being tortured and mutilated in this industry.sh
