**INQUIRY INTO LONG-TERM SUSTAINABILITY OF THE
DAIRY INDUSTRY IN NEW SOUTH WALES**

Name: Mr Jeremy Aronstam

Date Received: 12 August 2020

The dairy industry is inherently an animal cruelty industry. All humans need to move on from the residue of mild Cassio-morphine addiction as decisively as we have moved away from the acceptance of human slavery. Those who transition latest will be wise to judge that they will be held criminally culpable.
