

**Submission  
No 45**

**INQUIRY INTO LONG-TERM SUSTAINABILITY OF THE  
DAIRY INDUSTRY IN NEW SOUTH WALES**

**Name:** Mr Timmy Mavin

**Date Received:** 13 August 2020

---

Diary farming is no longer necessary or viable. We need our government to change the laws to make the industry transparent and responsible for their actions.

Support transitioning Farmers into plant based farming would benefit animals, the environment and communities alike. It's time for a chain to a more sustainable planet!
