**INQUIRY INTO PROVISIONS OF THE FIREARMS AND
WEAPONS LEGISLATION AMENDMENT (CRIMINAL
USE) BILL 2020**

Name: Mrs Jessica Coombes

Date Received: 14 August 2020

This is the single most intrusive liberty killing piece of legislation seen in NSW in decades. The definition of 'firearm precursor' is too broad and ambiguous and could include many everyday items found in ANY house. For example, a piece of metal (object), drill or screwdriver (device) or lubricating oil (substance).

It is open to far too much misinterpretation by the Police and this is damaging to legal firearms owners across the state.

This must not, and will not, go ahead.
