I find it very scary for my young family with the health service we receive at our local hospital (dunedoo) we have no doctor on call for emergencies and the nurses don't answer the video calls from the doctors and our nurses not know what they are doing and they won't give you stitches they expect you to drive your child that's bleeding to Dubbo hospital in the middle of the night.

We don't even have a full time doctors surgery just for the little things we have a doctor 2 days a week.

We don't even have a baby doctor/nurse here anymore because apparently we can't afford it.

It's becoming Ridiculous something needs to be done for us small country towns.

It's not fair on the elderly having to drive an hour and a half just to see a doctor.
