Partially  
Confidential

Every day every shift. Patient's are in danger due to staffing levels.

We have moved to a wonderful new building.

More beds, bigger area to cover. More HDU beds. But, no more staff.

Every shift some one is sick mostly from exhaustion.

People have voiced their desire to leave because it has become too much.

Our manager is over whelmed.

The expectation that we should just manage is beyond my comprehension.

Patients in Mudgee deserve better , nurses deserve better
