**INQUIRY INTO GREYHOUND WELFARE AND  
INTEGRITY COMMISSION**

**Name:** Ms Jacqueline Marks

**Date Received:** 29 November 2020

It is essential that GWIC enforce the welfare standards in the industry. The commission needs support and empowerment to do their job.

The funding model needs addressing: the Government rather than the industry should be responsible for the funding of the Commission.

Whole life tracking, rehoming, euthanasia of healthy greyhounds must be made priority consideration issues and maximum penalties for administration of prohibited substances brought in.
