Partially  
Confidential

Have had massive or. Died. And several trips back to Dubbo Hospital. Have had some good visit but also trouble ones. Have Dr tell me nurse would have to put hat around to get me a bed for the night as I had no hand bag..rushed emergency air trip.....made to feel worse. Told nothing wrong.....more clots...left in emu ward for two days...

My daughter was treated worse..told to come back tomorrow after told by Cobar Hospital to drive to Dubbo . To get there and that turn you away..go back Tuesday as it was public holiday...to be told to busy come back next day...this was too much . I spoke with a hospital board member who sorted it out...she had a leg full of clots.....

Cobar is more than 3 hour drive in day light ...but to be told to turn around and go home ..in dark ...not on.
