**INQUIRY INTO HEALTH OUTCOMES AND ACCESS TO
HEALTH AND HOSPITAL SERVICES IN RURAL,
REGIONAL AND REMOTE NEW SOUTH WALES**

Name: Ms Carole Jenkins

Date Received: 5 December 2020

I submit that Deniliquin needs to upgrade to support the vast rural community it lacks the support for the locals that need care and medical advances that most need to travel 2-4 hours for at alternative hospitals.

If Deniliquin can upgrade its police station and tafe and street scape. There is no reason that the health system should be overlooked.
