

**Submission  
No 202**

**INQUIRY INTO HEALTH OUTCOMES AND ACCESS TO  
HEALTH AND HOSPITAL SERVICES IN RURAL,  
REGIONAL AND REMOTE NEW SOUTH WALES**

**Name:** Miss Jessie Day  
**Date Received:** 6 December 2020

---

Local health care is understaffed, under trained, under resourced and unacceptable. You have to travel hours to see a qualified doctor for the most minor things eg a fraction clinic, an oncologist or a obstetrician. These should be universally accessible to all Australians.
