I am not happy with the health care service in Cobar or Dubbo I have had many bad experiences with both , and it falls on the care the doctors provide the doctors just don't care they are usually rude and half the time over video call because there is no doctor in Cobar, my son pulled his elbow out and a doctor over video call had to try and tell the nurse what to do with alot of noise going on I requested a xray 1st to be sure it wasn't broken the doctor got snappy at me and refused didn't care about my concerns told me I can get another doctor which is stupid as she isn't even here herself . We need caring doctors in Cobar and access to ultrasound this very important for pregnant woman . Make Cobar hospital better it can provide alot of service if the government help.
