**INQUIRY INTO HEALTH OUTCOMES AND ACCESS TO
HEALTH AND HOSPITAL SERVICES IN RURAL,
REGIONAL AND REMOTE NEW SOUTH WALES**

Name: Mr Adam Hannelly

Date Received: 12 January 2021

Wellington NSW needs to be allocated more resources in the health system.

Currently only having one part time Doctor at the local hospital is an absolute failure on the Governments part and is in desperate need for an overhaul.

The police Station is not 24 hours so it is vital our Hospital has a Doctor on site 24 hours of the day.
