

**Submission  
No 418**

**INQUIRY INTO HEALTH OUTCOMES AND ACCESS TO  
HEALTH AND HOSPITAL SERVICES IN RURAL,  
REGIONAL AND REMOTE NEW SOUTH WALES**

**Name:** Mrs Jennifer Wykes

**Date Received:** 12 January 2021

---

Wellington & other regional town have a doctor shortage. In the last week, Wellington has had 3 tragedies, which is a lot for a small town, & especially one without Doctors, to be able administer help to these people.

The nearest hospital with Doctors is over a half an hour away & in an emergency situation, this is just too far away from medical help.

Please consider sending more doctors, either permanent or casual, but just send more!
