I currently at Bonalbo & we have a new Multy Purpose Hospital, that is supposed to service over 4,000 people.

Currently, we have one Dr. 3-4 days per week & to get an appointment to see him.

We have to book 3-4 weeks ahead, unless it's an emergency.

We have a radiography unit, that isn't staffed.

We have a pathologist once a week.

There is a lack of other services.

We have an ageing population.

If we need other services, such as
eg....

PODIATRIST

DIE TICIAN

X-RAY

We have to organize transport to.
