**INQUIRY INTO GREYHOUND WELFARE AND
INTEGRITY COMMISSION**

Name: Name suppressed

Date Received: 25 January 2021

Partially
Confidential

Australia is a member of a very small and despicable club of countries who still race greyhounds. It is a barbaric industry and no GWIC will improve it. Greyhound racing needs to be banned altogether, even if the betting industry is against it. Many other countries have banned this industry, so it is possible if the political will is there.
