No 2**

**INQUIRY INTO WASTE AVOIDANCE AND RESOURCE  
RECOVERY AMENDMENT (PLASTICS REDUCTION)  
BILL 2021**

**Name:** Mr Adam Mitchell

**Date Received:** 2 April 2021

---

To whom this may concern,

I saw an ad on Facebook i could share some input on ways to reduce plastic,

I personally wash sandwich bags and re use them instead of throwing them away, might I suggest some ads on the television or billboards giving the public innovative ways to use their plastics, I also use milk bottles for the toilet to save water and flushing when full, because alot of water is used for the toilet.

Thank you
