**INQUIRY INTO HEALTH AND WELLBEING OF
KANGAROOS AND OTHER MACROPODS IN NEW SOUTH
WALES**

Name: Mrs Ji Montgomery

Date Received: 27 March 2021

Killing innocent kangaroos is just wrong should be banned people shouldn't be eating them for food or sneakers at all.

Shooters have no idea what horror they face as their momma are shot dead as their babies lay on the ground dying from hunger.

Stop this horribly practice as kangaroos are animal that is well known in Australia
