**INQUIRY INTO HEALTH AND WELLBEING OF
KANGAROOS AND OTHER MACROPODS IN NEW SOUTH
WALES**

Name: Mrs Lyn Chalmers

Date Received: 27 March 2021

I have been a resident of Australia since 1980.

Never have we witnessed such cruelty to our wildlife.

The people in Government now seem determined to eradicate our animals our way of life and beauty of this country.

I feel ashamed to be living in such a cruel country.

More protection of kangaroos, koalas, brumbies, you name it needs to happen.
