Dear Committee Members, or to whom may concern,

I am a Chilean living in Australia for years, and I love this country as my own with its flora & fauna. I am a vegetarian and I did this change in my diet because I love animals so regarding this topic I am a very sensitive person, to see animals suffer or been killed for recreational purposes is a wrong thing to do under the eyes of God as a creator He feels too for the animals, in fact God has put on us that responsibility to care & protect animals, so as a Christian I would like to consider this serious issue about the slaughtering of own beautiful kangaroos, please dear members, help us to stop this cruelty, animals are innocents creatures and they also deserve to live here with us, please, help us to stop the killing of our icon Kangaroos.

warm regards and I hope this petition would touch your hearts.. thank you very much.
