**INQUIRY INTO HEALTH AND WELLBEING OF
KANGAROOS AND OTHER MACROPODS IN NEW SOUTH
WALES**

Name: Tina Maddison

Date Received: 3 April 2021

Regarding the wholesale slaughter of our national symbol, coat of arms and indigenous wildlife please stop this murder and killing of our beloved animal.

It is done with such cruelty and hatred by incompetent men who only enjoy to kill.

Bludgeoning joeys after seeing their mothers shot is barbaric.

We do not need to kill our beloved roos. How much meat and leather do you want? Cruelty at its best.

Choose to be kind, it's much easier and nicer. Thankyou.
