I write to you today pleading that the cruelty and abuse to our beautiful native kangaroos is put to rest. It is a violent crime to torture a living being to death so why are kangaroos an exception? Us humans have taken their land and resources and to top it the kangaroos are clubbed to death and families torn apart.

Who do we think we are? There needs to be an immediate stop to this as I am no longer proud to call myself Australian while cruel acts are being performed on these beautiful Earth creatures and many others.

I make a plea to parliament to please put an end to this and spare the traumatising torture our kangaroos and joeys endure before they unwillingly die.

I appreciate you taking the time to read my submission and I look forward to a positive outcome.
