

Submission  
No 212

**INQUIRY INTO HEALTH AND WELLBEING OF  
KANGAROOS AND OTHER MACROPODS IN NEW SOUTH  
WALES**

**Name:** Miss Hannah Bellamy

**Date Received:** 21 April 2021

---

My submission is short but direct. These creatures are sentient beings and the consistent cruel and inhumane treatment and culling of them needs to cease immediately. I can not fathom how those at the helm of death can sleep at night. Animals are our equals and they deserve equality, kindness and respect. I implore those who have power to use it justly.
