**INQUIRY INTO HEALTH AND WELLBEING OF
KANGAROOS AND OTHER MACROPODS IN NEW SOUTH
WALES**

Name: Ms Diane Kastel

Date Received: 22 April 2021

Our family is telling the NSW Government that we believe that your on-going, violent massacre of millions of kangaroos by, bloodthirsty, shooters is more than cruel, and, is a, shameful, reflection on Australia's lack of mercy towards your national symbol! We believe, very strongly, that your slaughter of millions of kangaroos is out of control, and, we, vigorously, protest your sadistic, and, greedy, commercial kangaroo industry's culling of kangaroos, and, their joeys, your exclusion fences, your misguided, and, reckless, population counts, your disgraceful cull quotas, your attack against conservation, and, your deliberate, and, calculating, threats to kangaroo habitat!
