No 295**

**INQUIRY INTO HEALTH AND WELLBEING OF  
KANGAROOS AND OTHER MACROPODS IN NEW SOUTH  
WALES**

**Name:** Mr Paul Azzopardi

**Date Received:** 24 April 2021

---

Commercial kangaroo harvesting is the most humane way to control kangaroos, in my area of western NSW if there is no commercial shooter on a place the farmers simply put a helicopter up and shoot the kangaroos from the air by the thousands leaving kangaroos shot throughout there body and not die sometimes for days leaving them in pain. There I no other way other then the commercial harvesting of kangaroos that can be done humanly
