**INQUIRY INTO HEALTH AND WELLBEING OF
KANGAROOS AND OTHER MACROPODS IN NEW SOUTH
WALES**

Name: Ms Peta Russell

Date Received: 24 April 2021

I on behalf off all wildlife here in Australia and kangaroos the main target , I believe strongly they need protection and a complete ban on killing them , killing our wildlife should be against the law , for anyone . And strong fines imposed ,the slaughter of kangaroos is out off control and needs stopping right now
