

**Submission  
No 308**

**INQUIRY INTO HEALTH AND WELLBEING OF  
KANGAROOS AND OTHER MACROPODS IN NEW SOUTH  
WALES**

**Name:** Mr Stephen Morris

**Date Received:** 24 April 2021

---

Dear Committee,

Like the Koala kangaroos are a national symbol.

No other country slaughters their national symbols.

During the drought a couple of years ago I drove around Australia

I was appalled to see the number of dead kangaroos on the highway near Bourke

In the space of 5 minutes I literally had to drive around 70 bodies

Add to this the slaughter that is taking place for commercial purposes and it is a national disgrace.

It is very important that your Committee acts to protect our kangaroos.

Yours sincerely,

Stephen Morris
