**INQUIRY INTO HEALTH AND WELLBEING OF  
KANGAROOS AND OTHER MACROPODS IN NEW SOUTH  
WALES**

**Name:** Ms Lisa Doyle

**Date Received:** 24 April 2021

---

I am urging you please to not go through with the shooting of our kangaroos and macropods. With the droughts, the fires and floods our animals have been through enough. The slaughter of these beautiful creatures is a senseless act of cruelty. Please reconsider and do not allow it to happen.

Thank you.
