INQUIRY INTO IMPACT OF THE WESTERN HARBOUR TUNNEL AND BEACHES LINK

Name: Mr Afonso Duque-Portugal

Date Received: 28 April 2021

I believe there are many inadequacies with this project including the inadequate business case, cost overruns, and the total failure of the government to properly consider alternatives, like and very importantly, PUBLIC TRANSPORT! It is also important to investigate the impact the project will have on Yurulbin Point and Dawn Fraser Baths and many other negative impacts the project will have on the local environment. Please manage our environment and resources FOR THE PUBLIC BENEFIT and NOT for the benefit of the market.
